5 bedroom villa with pool and large storage/garage in country

This is a lovely refurbished villa which is divided in a ground floor 2 bedroom apartment and a top floor 3 bed apartment. Easily to make into one large villa, just need to put the stairs, there is space. The property has a large storage/garage of almost 80m². which could be the living if want to be creative. The property has 2 bedrooms, of which one en-suite, this one is very large and another bedroom with bathroom. The kitchen on the ground floor is big. the living is smaller and has a wood burning stove. With the stairs you get to the top floor with three bedrooms sharing a bathroom. There is a living dining Kitchen area, to say a studio with three separate bedrooms and a large terrace. Outside the large plot you have a large pool area with 2 covered areas one holds a lovely bread oven. behind the pool is a very nice garden which is fully irrigated and low maintenance. It is a large property and the views are astonishing, from the hills down towards the ocean. Could be a property which you can rent out or make into a 5 bed villa, and with the large connecting storage could really make something special here .
