### Completely refurbished 2 bed apartment right in the heart of Tavira.

This apartment is right in the heart of town. It is on the second floor of the building across from the tribunal building. (ground floor has shoe shop, first floor just an office) The building has an elevator. The apartment has a hallway leading to the 2 bedrooms, one of which has access to one of the three balconies of the apartment. The bedrooms are spacious and light. The bathroom has been completely remodelled with spacious walk in shower. The open-space living room is very light because of the windows all around. A brand new large modern kitchen has been fitted with all utilities included and is well equipped with good storage. Off the kitchen you have another large terrace which is ideal for breakfast and dinners. On the front side, you have a very large terrace of 35 Sqm, which catches the morning and evening sun and has plenty of space for a dining and seating area or you could even create a rooftop garden if is your preference. A nice clean apartment in the heart of town with lots and lots of outside space. Take a look at the pictures, some made with wide angle lens to get the full image.
